Tips & Strategies for Making
Money Online around the Clock

Sunday, February 28, 2010

Are you struggling to make ends meet in this tough economy? Thousands face hardship and seek more money. **Learn the secrets of making serious income part time.**

What if you could find a way to make money around the clock and beat off this recession? Let us show you how the world of Internet Marketing gives you access to unlimited income.

Dear Friend,

The global economy is still in a nose dive and the cost of living continues to rise, furthermore there don't seem to be any 'safe' jobs around. However, to every cloud there is a silver lining and YOU can make a serious income through Internet marketing with no prior knowledge or experience. Are you looking for the following?

- The ability to **work when you choose**, fitting around your current commitments
- The comfort of knowing you can tap into a the **World's biggest marketplace** so there are endless customers
- Earning a **regular and steady income**

I have looked at numerous ways to make money from the Internet over the last 6 months and on this page I've highlighted the few that really work and make consistent profits whether you want a simple part time income or **millionaire lifestyle**.

Tip # 1 - Exploit a Global market

Since the beginning of time salesmen have brought together suppliers and customers to do business in every type of sector across the World. As things have evolved we now live in the virtual World and the opportunities that exist on the Internet are **practically unlimited**.

You are tapping into the **World's biggest marketplace** where as an affiliate you have the chance to earn thousands of pounds in commissions, and in fact super affiliates regularly bank \$20,000 - \$50,000 per month.

Key Facts

1,574 Million
Internet users
globally

Global value of E-commerce Q1 '09
\$31.7 billion

Penetration of
market is **74.4%**
in USA and

But let's start simple, all you are doing is selling other peoples products and making a commission every time this happens. Again, and again and again.....you get the idea.

With the changing face of Internet purchasing you don't even need to spend any money on advertising as there is a massive list of **FREE marketing techniques** that are extremely effective. This is truly a business where there is unlimited profit potential, and the hours fit around your studies.

Tip # 2 - Get the BEST training

What your saying right now is I don't know how to sell or marketing anything, maybe you've never even had a job before? That doesn't matter at all because neither did I a month ago.

The key to **YOUR success** is getting training with up to date techniques used by Super Affiliates, who are making **\$1,000s per month on the Internet**. I can thoroughly recommend [Wealthy Affiliate university](#) where you will be taught every aspect of the business:

- How to find **hot products** and earn great profits
- How to make sales **FREE marketing techniques**
- How to perform Keyword research and selection so you **don't waste money**
- Forums to share information about other people **secret** hints and tips
- **FREE** webhosting and website design software, to save you money
- Simple explanations of all techniques that beginners can follow and understand

What you get is a straightforward and structured training program that anyone can follow regardless of their background, training or experience. I started from absolutely nothing, so if I can do it so can you!

The program is taught by Kyle & Carson, both **millionaires from Internet Marketing**. Their strategy is to give you a comprehensive 8 week course, so you know exactly what to do and how to be a wealth affiliate. You are never left hanging or unsure like so many other courses on the Internet. They have written numerous books including [beating adwords](#), [inside the list](#) and [who loves money](#).

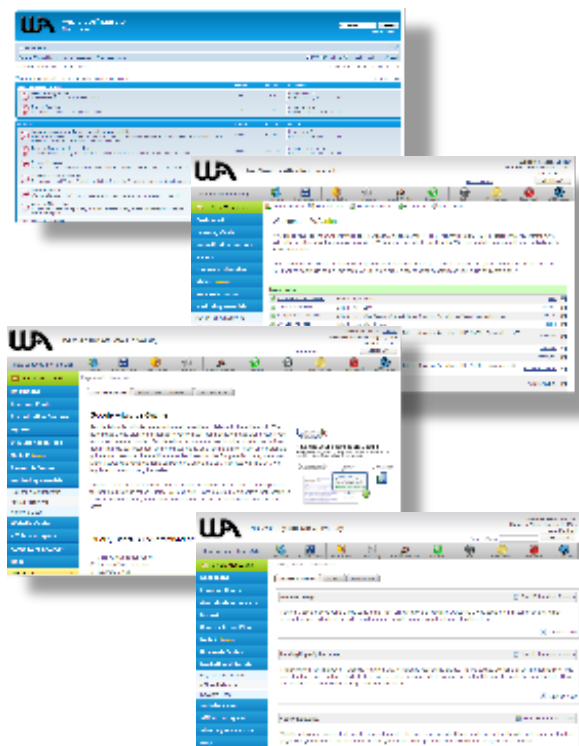

Their ongoing commitment to updating content and bringing the **very last strategies** to their students is second to none. These guys know what they are doing and by following their program you can replicate their success to create anything from a Part Time Income to being a rich Super Affiliate.

Tip # 3 - Get loads of FREE Tools

To be successful you need the best ongoing support package. There are a number of packages on the Internet for everything from keyword analysis, web site creation and of course hosting that are ready to take your hard earned cash. However within the [Wealthy Affiliate](#) package, Kyle & Carson have assembled the best support package imaginable, **covering every aspect of creating and running Internet Marketing campaigns.**

The great news is they have provided this list of features to you for **FREE** as part of the package. The following components are included and help you set-up and make money from your campaigns quickly and effectively:

Wealthy Affiliate Screen Shots

[>> Click here to Start Earning <<](#)

WA jobs – This jobs board gives you the opportunity to do web design and article marketing for other people and get paid for it. If you have any web design experience then you can make extra money immediately.

Site rubix – This website building package allows you to construct sites in minutes without knowing any programming. This saves time and the cost of purchasing a web design package.

Free webhosting – This enables you to save money every month by not having the cost of additional web hosting to launch and grow your business.

Rapid writer system – This is a unique system that allows you create highly optimised content for websites in minutes rather than hours.

Keyword research tool – A method for digging deep into niche and long tail keyword terms and allowing you to quickly identify profitable keywords or phrases

Tip # 4 - Minimal Start Up costs

You are probably telling yourself right now just how expensive it must be to **start your own uncapped earnings marketing company.** However, to become an Internet Marketing expert you only need an Internet connection and access to the [Wealthy Affiliate program](#), **don't spend a penny more!**

This must surely be the cheapest way to ever get your own business launched and making profits. No real overheads and minimal ongoing costs make this the best business in the World. More than that, what you are really creating is an online asset that will work its hardest for you **making money 24 hours a day, even whilst you sleep.** This leaves time to study and meet all the other pressures of student life safe in the knowledge you have a regular income.

Tip # 5 - Take ACTION NOW and Start Earning \$\$\$
